Backend	NestJS, Express.js, REST API, Prisma, PostgreSQL, Redis, JWT
Tools	Git, GitLab, GitHub, Postman, npm, Vitest, Vercel, Vite, Responsive Design

PROJECTS

Training System Dashboard
Built a responsive admin panel with dynamic data visualization.
Optimized performance using Next.js SSR and caching.

CarePulse — Healthcare Management
Next.js appointment-registration flow for patients and an administration view for managing appointments.

Beyond Gluten — Website
Bilingual gluten-free discovery platform with venue listings, certified products, and a medication scanner.

LiTaskunu — Matrimonial Platform
English/Arabic sign-in, identity verification, and guardian-approved request flows.

Abu Sara Jewelry — Brand Website
Bilingual jewelry catalog with product filters, custom-design requests, and SEO metadata.

eSIM — Travel-data Website
Destination-based package browsing, device-support details, installation guides, and partner signup.

Wise Zone — Training Website
English/Arabic services, course, and training-plan pages with API-served content.

Workey — Graduation Project
Smart recruitment web platform deployed on Vercel.

Tigre — Food Delivery Landing Page
Bilingual landing page with app-store links and restaurant partner information.

Adonis Pharma — Corporate Website
Pharmaceutical distribution and logistics platform covering services, products, careers, and industry news.

Red Power Garage — Website
Arabic-first garage site covering services, offers, gallery, reviews, and booking/contact.

FutXTech — Company Website
Software-company site with services, project portfolio, and consultation requests using API-served content.

Bonitto Aesthetic — Corporate Website
Hebrew/English right-to-left product site with catalog, events, research, and distributor pages.

WAF — Business Services Website
Arabic/English site for web, app, and digital-marketing services with portfolio and WhatsApp contact.

GLogo Dashboard — Salon Booking
Next.js admin panel for users, salons, appointments, services, products, offers, banners, and app versions.

LiTaskunu Dashboard
Administration panel for the LiTaskunu matrimonial platform.

Beyond Gluten Dashboard
Administration panel for the Beyond Gluten platform.

Net eSIM Agent Dashboard
Agent-side dashboard for the Net eSIM service.

Red Power Dashboard
Administration dashboard for the Red Power Garage website.

Nexa Dashboard
Administration panel for the Nexa platform.

Optimal Academy — Frontend
Frontend project including an Arabic training-plan page.

Restate — React Native App
React Native mobile application.

FoodApp — React Native App
React Native food application.

Balagh — React Native App
React Native mobile application.
